- (1) FS=Forest Service and DOI = Department of the Interior
- (2) DOI Data
  - a. For FY2006-2009, the DOI numbers only included Hazardous Fuel Activities. From FY2013 forward, data includes Hazardous Fuel Activities, Non-National Fire Plan Activities, and Fire Use.
- (3) USDA Forest Service Data
  - a. For FY2006-2009, the Forest Service numbers included hazardous fuel activities, non-national fire plan activities, and wildfire acres.
  - b. Forest Service acres include Recovery Act funded treatments in FY 2009 & 2010.
  - c. From FY2013 forward, both DOI and Forest Service report the same data (hazardous fuel activities, non-national fire plan activities, and wildfire).
  - d. Forest Service SFA planned grant acres are counted as Rx Fire and Mechanical treatments in the WUI.
- (4) Data are from the National Fire Plan Operations and Reporting System (NFPORS)
  - a. Fiscal Year Target And Other Reports -- Daily Reports \ DOI Activities and Treatments – All
- (5) Other = Treatment Category that describes work involving the use of chemicals, grazing, or biological methods to achieve Fire Management Plans objectives.
- (6) Format Table breaks out fuels management accomplishments by WUI designation compared to Categories included Prescribed Fire/Wildfire types.
  - a. NOTE:
    - i.  = WUI Totals do not equal Category Totals
    - ii.  = WUI Totals equal Category Totals

This report was part of the annual Healthy Forest Report from 2006-2009.
